

Hi, I'm Astrid from the Gunnersbury team! You might know that Gunnersbury is now overseen by a charity – the Gunnersbury Museum and Park Development Trust. Last year we had a big recruitment drive and our new board of trustees is brimming with diverse professionals, including two local councillors, who are all passionate about the park and museum

We want to share the highlights from their Board meetings in these brief videos – the important updates and decisions which will help shape Gunnersbury's future.

The last board meeting was all about recruitment! On the Gunnersbury staff team, we've got some new starters for our commercial department as we look to grow our wedding business and other commercial hires. We need to generate several million pounds to secure the day to day running and Gunnersbury's future, all for the benefit of the local community.

We're also excited to announce that we will soon be looking to recruit new Directors for the Gunnersbury CIC board. The CIC is now a subsidiary of the Trust and we'll soon be looking to recruit Directors, one ideally with expertise in events, so stay tuned for more updates if you'd like to get more involved at Gunnersbury.

Our board meetings are held every two months so stay tuned for the next video soon! In the meantime, we've got a very exciting announcement coming up about the Community Choice project, following on from last year's successful community vote for the Hedgerows on the Sports Field – so make sure to check back on December 1<sup>st</sup>!
